

## General Info For Art Submissions

- **Accepted Art Files:** PNG, TIFF or PDF (Resolution must be 300 dpi or higher and have a transparent background)
- **Vector & Raster Art:** Please create outlines or rasterize all text before sending. If there are transparent pixels in your artwork, please make them opaque before submitting the artwork.
- **Art Modifications:** We do not remove backgrounds, resize files, or make any other alterations to the submitted artwork.
- **Transfers are printed as submitted:** This service is intended to print your files as they are. Please ensure the artwork is ready for printing before submitting.
- **Color Accuracy:** Please be aware that there may be a 3 - 5% color difference between the finished product and the artwork submitted. This is due to RGB color variations across different monitors. Also, this product is printed in CMYK and not all colors can be hit accurately.

## Minimum Line Weights
